

Today is a holiday. It is warm and rainy. I am very excited about the trip. Although the weather is bad, my heart is as hot as the sunshine.

As soon as I arrived at Macao Airport, I got on the airplane and then I fell asleep... There was a dictionary on the desk. Therefore I opened it. Suddenly I flew into the dictionary and got to a village with a mountain behind. Next to it, there was a bridge. I walked near the bridge and saw a sign with "Don't go ahead!" written on it. I stopped and thought for a while. "Right, I'm going ahead," I said to myself.

In a short distance, there was a factory. It was a factory developing medicine. I saw an entrance, and I entered it. All of a sudden, someone woke me up with a pat on my shoulder. An airhostess was speaking to me, "EXCUSE ME, YOU ARE OUR 1,000,000TH PASSENGER AND YOU WILL GET \$1,000,000 FOR THE PRIZE. CONGRATULATIONS!" I am very excited to hear the news. I couldn't help laughing from the bottom of my heart. "I'm a millionaire now," I whispered to myself. A while later, the same

airhostess came to me and said, "Happy April Fools' Day!" Hearing this, my heart was feeling like being stabbed by a sharp knife. It hurts me so much. "It was only a joke," I thought.

Happy April Fools' Day
