

Words to My Mother

Our mothers are always the greatest people in our lives. They love us with all their hearts and souls. Now, it's the time to express our love and care to our lovely mothers. Tell your mother that you love her!

Bambie: Mum, thank you very much for bringing me into this wonderful and beautiful world!

Zarah: Thanks very much for always helping me to remember what is important in life ... and today it is you!

Howard: You are the best!

Jennis: May your days be filled with sunshine, beautiful flowers and happy thoughts.

Oris: My dearest mother, you're always with me in my good times or bad times. Thanks very much for always being there for me! Happy Mother's Day!

Fannie: There's a woman who gives me love and makes sacrifice for me. I love her very much and she is my mother!

Gina: Your smile is as lovely as a rose, I like your smile, so keep smiling, Mum!

Dennis: You always say you're proud of me and I'm now telling you that I'm also very proud of having you as my mother. I love you, Mum!

King: Mum, you've done a great job! Your arms are always open when I need a hug. Your heart understands when I need a friend. Your strength and love give me wings to fly.
